

June 1, 2015

Dear Pastor,

I am happy to announce that the Rocky Mountain Church Network Board has appointed Rev. Stan Rieb as the next Executive Director of the region. Stan will be assuming this responsibility June 1, 2015.

I cannot think of a better person to take on this role than Stan Rieb. Stan has a wealth of effective pastoral experience, he has been involved deeply in the workings of both the region and CBAmerica which gives him a great historical perspective of the past and present, he knows the pastors and congregations of the region and is committed to helping congregations and leaders become even more effective at fulfilling the Great Commission. Stan and I have worked together now for almost three years, leading learning communities, doing church consultations and interacting with church leaders and I have seen firsthand, how God has given him the ability to help both leaders and congregations achieve health in order to grow and reproduce more disciples.

I have enjoyed my time as the regional executive director. But in light of my schedule and the needs of the region I knew I could no longer fulfill the responsibility of being the director at the level of commitment it needed. That is why I recommended this move to the board. I will stay on with the region in a coaching capacity. However, I will now serve at the pleasure of the new executive director.

I know the region is in very good hands, being led by a man that loves God, serves churches and pastors well and has a passion to see the region become a body of congregations that work together for the advancement of God's Kingdom.

It has been a privilege to be the director of the region. It is even a greater privilege to work with and under Stan's leadership.

Sincerely,

Dr. Paul D. Borden
