## Breakout Sessions:

### The Discipleship Path: What It Is, Why You Need One, And How To Build It

**Deanna Doe**  
Connections Director  
Good News Community Church

Preaching alone is never enough to transform people into fully devoted followers of Jesus. Build a strategic system in your church that helps everyone take their next step with Jesus and grow as a disciple of Jesus Christ.

### From Solo Act To Team Sport: Developing a Leadership Team

**Mathew Fite**  
Pastor  
Good News Community Church

Ministry was never meant to be a solo act where the pastor worked himself to death trying to keep everyone in the church happy. Instead, we need a new paradigm where the pastor's role is to lead a team who, together, are able to both care for the congregation and grow the Kingdom of God, all without burning out the pastor.

### So You Are A Board Member - What Hat Are You Wearing?

**Stan Rieb**  
Director - RMCN

Church leaders wear at least three different "hats" of functional identity. If one does not understand the differences of those functional identities it can create confusion, misunderstanding and conflict. We will define the "hats" a leader must wear and how best to engage them for effective ministry.

### Building Missional Connections

**Dave Whitaker**  
President - CBAmerica

Relational connections within the local church, and beyond the confines of its walls, are essential for effective ministry. Dave Whitaker will share the importance of strategizing missional connections within the church, community and beyond.

## Who will you bring to the table?

### BRING YOUR TEAM

This is a Ministry Leader Summit. We encourage not only pastor and spouses, but ministry leaders and board members to attend.

### BUILD YOUR TEAM

We have discovered that attendance by the broader scope of ministry leaders to be highly effective at building a greater concept team unity of purpose and language.

This is as effective for the smaller church as it is for the larger church.
